the neurobiological effects of these practices on stress reactivity are not well understood. Many studies investigating the effects of such practices fail to include an active control group.

Discovery Green | Downtown Park and Events in Houston ...

The Practice: This standing twist sequence will open your upper back, leaving you refreshed and energized. Do the sequence on its own or use it to prepare for a longer backbending practice. Mind-Body Benefits: Spending hours at a time sitting at a desk can take a toll on your posture: Your shoulders slump, your head tips forward, and your circulation stagnates.
