1. Stop Believing What You See The first uncommon action you must take is to stop believing what you see. This concept is difficult for most people to grasp because we're raised to believe that what we see in our outer world is the Truth. Let me give you an analogy. When you look into the sky on a clear night, you see the entire milky way ...

Square: Solutions & Tools to Grow Your Business
Squaring the square is the problem of tiling an integral square using only other integral squares. (An integral square is a square whose sides have integer length.) The name was coined in a humorous analogy with squaring the circle. Squaring the square is an easy task unless additional conditions are set.
